As the owner of a cat or dog participating in the Delaware Department of Agriculture's Spay/Neuter Program, I understand that my pet will be receiving care from a Delaware licensed Veterinarian. I understand that some veterinary practices may require additional tests in addition to the procedures mentioned above. It is my responsibility to ask whether the veterinarian requires other vaccines and tests when I call for the initial appointment. I understand that I am responsible to pay for these vaccines or tests. If I reject these tests, I understand the veterinarian may elect not to perform the spay/neuter procedure. I understand that the veterinarian will be instructing me on pre-surgical and post-surgical care and that I need to follow these instructions. I understand there are inherent risks involved in medical procedures and surgery.

I hereby consent to the rabies immunization, if required, and neutering of the pet described above.

I agree to pick up my animal at the agreed upon time. If I have not picked up my pet within 24 hours of that time, my pet will be transferred to Animal Control.

I agree to update the Spay/Neuter Program Coordinator if my contact information changes. I agree to provide feedback on my experience with the Program to the Coordinator in a timely manner. I agree to notify the Spay/Neuter Program Coordinator if I decide not to follow through with the spay/neuter surgery.

This agreement expires 3 months from the date of approval and my co-payment will not be returned unless approval is given by the Spay/Neuter program.
